Introduction

What is T-Folio?

What is T-Folio?

T-Folio...

- is a **free, interactive online platform** being developed by CCTS for youth with disabilities and the school and agency workers who support them.
- provides facilitators with **lessons plans and tips** to help students complete a series of interactive exercises resulting in the creation of products needed for the student's **Transition Portfolio (T-Folio)**.
- uses **student-centered** curriculum to guide students—with the assistance of a facilitator—in the development of their transition portfolios.
- includes interactive exercises that can be accessed **across different devices**. Activities completed online and saved to pdf, or printed and completed by hand.
- **aligns** with both school requirements and DVR Pre-Employment Transition Service categories so that both teachers and agency personnel will find it useful.
